We match volunteer adult mentors
with motivated local high school
students to:

- plan for college entrance,
- review and choose appropriate
colleges and universities,
- complete successful applications,
and essays,
- plan, finances and apply for financial
aid and scholarships,
- offer mentoring support through the
first college years.

A'ohe hana nui ke alu 'ia.

No task is too big when done together by all.

How We Help our Scholars

We match you with a mentor. Your mentor is an adult who is invested in your success and educated in how to help you achieve success. Our mentors are volunteers, many of whom have gone to college on the mainland before moving to/back to Hawai'i.

1

2

We help you to develop prior to submitting applications. Your mentor gets to know you and helps you to set and achieve goals. Our mentors have helped students to find their passions, secure internships, stay motivated in school, and to develop well-rounded extracurriculars.

We provide students with cost-sharing education grants. Applying to college can be expensive, and we have funding that can help you and your family. See more on the next page.

3

4

Your mentor works with you throughout your college application process. Your mentor will help you with whatever it is that you need—creating a list of schools, proofreading essays and applications, demystifying the financial aid process, and applying for scholarships.

Continued support: We not only care about your journey to college, but we care about ensuring your success in college. Many of our students keep in touch with their mentors, who are more than happy to provide advice, a friendly smile, or a letter of recommendation!

What are Angel Funds?

Angel Funds are the cost sharing grants all Bridge Scholars are eligible for. They bridge the gap between what a family is able to pay and the costs of various college prep expenses.

PAST ANGEL FUNDS USAGE:

Passion projects
and equipment 🧪

Summer travel
opportunities ✈️

Technology
needs 🖥️

Community
college credits 📝

SAT/ACT prep
courses 📖

WE OFTEN HEAR CONCERNS ABOUT HOW EXPENSIVE COLLEGE IS

And this is true...but it is no reason to not
chase your dreams.

There are many ways to alleviate the financial burden of college

We always remind our students that
they have unique, special stories that
are just waiting to be told

There are millions of dollars of scholarship money available

And we can help you to unlock it by
developing your story and helping
you to tell it

Many colleges offer huge financial aid packages

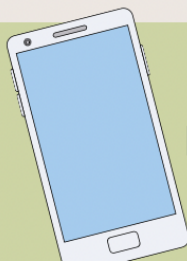

There are dozens of schools that pledge to
cover any cost that your family cannot
afford to pay. We can help you find and
apply to these schools!

But what about application fees? Standardized testing?

Fee waivers are available for low -
income families! Additionally, our
Angel Funds are earmarked for
college prep expenses.

We want to help you maximize your opportunities!
